McCAUSLAND'S

And, by the way, who wants the Kansas City Star acting governor of Missouri?

A vote for Cox is a vote for the League of Nations. A vote for Harding is a vote for no one knows what.

"My fellow Senators, President Wilson did not treat the Senate right.—BOYS, GET THE MONEY!"

"Dollar wheat makes a very profitable occupation to a farmer who farms the farm."—Senator Harding.

All the nations of earth are in the League but Germany, Austria, Turkey, Mexico and the United States. We are in nice company, to say the least!

The New York World says that Senator Harding's substitute for the League of Nations has been sunk without warning by Elihu Root, who not only torpedoed it but shelled the survivors.

Lord Mayor of Cork, it is mighty lucky for your self-inflicted fast, that someone don't put an old Missouri ham baked nice and brown under your nose. Your fast would soon be a thing of the past.

Will some one please inform the people of Lexington through the columns of this paper, how we will proceed to enforce a separate peace on Germany, without giving up every principle for which the World War was fought, and which cost the lives of 70,000 American boys, and the maiming of 200,000 more? Perhaps there is some one who has it all worked out, but is keeping the plan secret.

It takes about twenty minutes to read the constitution of the League of Nations carefully. Any intelligent person can master its meaning in an hour, by reading it attentively three times. Nine out of ten people who thus master its meaning will favor its adoption by this country and will vote accordingly in the November election. Don't draw your conclusions from speeches of high salaried professional political speakers.

Last week the women in St. Louis registered and contrary to public opinion, the number almost equaled that of the men. In the twenty-eighth ward there were 46 more women registered than men in a total of 19,856. In twelve precincts in other wards there were more women than men voters registered. This means that our good women out in the state must not fail to go to the polls November 2, if the Democratic ticket and

good government are to win.

George Sylvester Viereck says, "Governor Cox may be an estimable gentleman. We do not know; neither do we care. As long as he is a supporter of the Wilson policies, the Germans are determined to defeat him. We have decided that there must not be another Democrat President for a generation."

George was a pro-German and gained considerable notoriety by editing the "Fatherland," and escaped the penitentiary by the "skin of his teeth." George is for Senator Harding, strong; expecting, of course, a separate peace with Germany.

The League of Nations is having an opportunity to prove its inestimable value to the world just now in the case of the Pole and Lithuanians, who have agreed to submit their differences to the Council, and to suspend hostilities pending a decision, and Sweden and Poland have placed their dispute over the Aland Islands in the hands of the League for settlement. In the first case a war actually in progress has been checked, and in the second, a threatened war has been averted. If now, it can show the world that it can accomplish actual results in the prevention of war, it will assure the people that the achievement of its purposes are not only feasible as a rule, but its principles as laid down in the preamble of the covenant should have the unqualified support of all people. It has already done a good deal of effective work, but this has been in the lesser regions of its field.

The Best Advertisement.

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. Milburn, Prop., Guion Drug Store, Guion, Ark. "We have sold Chamberlain's Cough Remedy for years and have always found that it gives perfect satisfaction."

A twenty piece band was organized at the Chillicothe Business College last week. The orchestra, glee clubs and state clubs are also important factors in the life of the college. Adv.

FOR HEADACHE, LIVER TROUBLE

Black-Draught Is The Best Medicine This Lady Ever Used. Says It Is Only Medicine She Gives Her Children.

Cherry Village, Ark.—In telling of her experience with Theodor's Black-Draught, Mrs. Lottie Ellis, R. F. D. No. 1, this place, said: "I used Black-Draught as a laxative, also for headache, torpid liver and indigestion. It is the best liver medicine I have ever used and is the only medicine I give my children."

"I feel like it has saved me a lot in doctors' bills, for when the children complain of feeling bad or have a cold, I just give them a good dose of Black-Draught and they soon get all right. It certainly cleans the liver and clears up the skin and they are soon out, well again. I wouldn't be without it for anything."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, needs, at times, the benefit that Black-Draught gives in helping to cleanse the system and to prevent or relieve the troubles that come from constipation, indigestion, and a lazy liver.

To keep well, your stomach, liver and bowels must be in good working order. To help keep them that way, take occasional doses of Theodor's Black-Draught. Thousands of homes are never without it.

For sale by all druggists. The genuine has the name, Theodor's, on the label. Insist on getting what you ask for.
